It is the intent of GFSSC to accommodate everyone in their shooting sport to the best of our ability. Although we encourage membership in the affiliate clubs it is not a requirement to use our facilities. Please remember this is your shooting range and to clean-up your trash and empties after you have completed your range session.

Any non-member may accompany a current member to the range for a one time use of the ranges. Any subsequent visits require membership in GFSSC.

Please display your mirror membership card as this identifies you from a distance and precludes us interrupting your session. At times members from the Board of Directors may perform a spot check of membership cards at any range. They will be polite & quick, this helps to garner ideas and meet the members and give you a chance to meet your GFSSC Directors & Officers.

Range flags are located at each range and must be raised prior to commencing firing, they must then be returned to their containers at the end of range session. If you arrive at the main gate and the flag there is raised, the range is closed.
